

Old Leake Community Centre Policy for Bouncy Castle, Soft Play & Similar Equipment (2025)

The use of a bouncy castle, soft play or similar equipment at Old Leake Community Centre is subject to conditions, this is to ensure that we (Old Leake Community Centre) are compliant with our own insurance as we accept no liability for any injury or loss, however caused, by a bouncy castle or play equipment or similar brought into the venue.

Conditions

1. The owner of the bouncy castle/soft play/similar equipment must have suitable insurance in place that allows the equipment to be used by others. The hirer must receive proof of this and provide it to the community centre.
2. The bouncy castle/soft play/similar equipment must be supervised by an adult at all times. The adult supervising must have suitable insurance in place to protect them if an incident occurs whilst they are providing the supervision. You must provide proof of this cover to the community centre.

In respect of the supervision there are 2 options to consider:

1. The equipment is hired with a supervisor provided by the hiring company. You should check that the hiring company has insurance to cover this and provide proof to the community centre.
2. A third party provides the supervision (usually the hirer of the hall). The third party providing the supervision must ensure they have suitable insurance in place. If the hall is being used for a private party or similar event often the person who provides the supervision will have a household insurance policy that provides cover under the personal liability section of the policy. However, this must be confirmed with the insurer to find out if that is the case and if not, cover must be arranged for the day of the event.

No matter how the cover is provided, Old Leake Community Centre must see proof that insurance is in place before allowing the bouncy castle/soft play/similar equipment to be used at the venue.
